## Dear Hunter Business School Students and Employees

Hunter Business School is very serious about the safety and security of its campuses. Our Institution acknowledges the challenges in our society, and as such, all of us must work together to create the safe and secure environment expected.

Numerous policies covering the various aspects of Campus Safety and Security have been established and included in this manual to ensure that we will all enjoy a safe and secure school and work environment.

As an accredited Institution, we must distribute annual campus security information and reports to our students and employees including descriptions of the school's policies, procedures, and programs. The Annual Security Report Statistics must include the campus security statistics reported to the Department each year.

Please read the following information carefully as your understanding of these general safety and security policies, and our commitment to their enforcement is important to your safety and achievement of your career and employment goals, and the fulfillment of Hunter Business School's Mission.

Sincerely,

*Jay Fund*

Jay Fund, President & Owner  
Lead Security Officer

## Policy for Reporting the Annual Disclosure of Crime Statistics

Hunter Business School's Administration prepares this report annually to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistic Act. This report is prepared in cooperation with local law enforcement agencies surrounding both our Levittown and Medford, NY campuses. Nothing in the law shall be construed to permit a school to retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual with respect to the implementation of the Clery Act. Each year notification is made to all enrolled students that provides the web site to access this report. Faculty and staff receive similar notification. Copies of the report can be obtained from the office of the Corporate Director of Financial Aid, Campus Directors, and on the Institution's website.

Our school attempts to provide students and employees with a safe and secure environment in which to study and work. The school is open during posted hours. The school has no residence halls.

## Campus Security Authorities (CSA)

While not defined in statute, regulations provide that Campus Security Authorities (CSA) include campus police or security department personnel; individuals or organizations identified in institutional security policies; and individuals with security-related responsibilities.

It also includes any institution mandated to comply with Campus Security Policy and Crime Statistic Act may authorize a School official "who has significant responsibility for student and campus activities" as a CSA. As such, The Department will defer to an institution's designation of CSAs as authoritative and provide any technical assistance necessary to work with institutions to help ensure proper identification and notification of CSAs consistent with the regulations.

The regulations do not require that an employee with minimal responsibilities for student and/or campus activities *necessarily* be considered CSAs.

## Annual Crime Statistics

Please see pages 21-23 for On Campus annual crime statistics for your campus.

Any students/employees not able to access this information are advised to contact the financial aid office to obtain a paper copy. The report can also be obtained from the office of the Corporate Director of Financial Aid, Campus Directors, and on the Institution's website.

## Daily Crime Log

Hunter Business School's Campus Directors maintain a daily Crime Log. The daily crime log includes a record of the nature date, time and general location of any crime that occurs within the Clery Geography. Entries must be made within two business days of the reported information, unless the disclosure is prohibited by law or would jeopardize the confidentiality of the victim. An institution may withhold this information if there is clear and convincing evidence that

releasing IT WOULD JEOPARDIZE an ongoing criminal investigation or safety of the individual, cause the suspect to flee or evade detection, or result of the destruction of evidence. The school must disclose any withheld information once the adverse effects is no longer likely to occur.

Hunter Business School is required to make the crime log for the most recent 60-day period open to public inspection during normal business hours. Hunter Business School will make any portion of the crime log older than 60 days available within 2 business days of a request.

## Timely Warning

In addition to the annual campus security report, the School's administration will make a timely warning to the campus community of any occurrences of the following crimes that are reported to the office of the President, who is also the Security Officer of the Institution, or local police agencies and are considered to represent a serious or continuing threat to students & employees. These crimes are:

- Criminal homicide including, (a) murder and non-negligent manslaughter, and (b) negligent manslaughter
- Forcible and non-forcible sex offenses
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson
- Separately by category of prejudice each crime listed above and any other crime involving bodily injury reported to local police agencies or to a campus security authority that shows evidence of prejudice based on race, gender, religion, sexual orientation, ethnicity, or disability
- Arrests for drug violations of liquor and drug law violations, and illegal weapons possession
- Persons not arrested but referred for campus disciplinary action for liquor, drug, & weapons law violations
- Weapons carrying, possession, etc., (law violations)
- Any violations included in the Violence Against Woman's Act of 1994

The warning will be made either by a conspicuous posting or by an announcement read to the students and staff. The School's President, Jay Fund, is responsible for assuring timely warnings and emergency notification are made.

## Procedures to Report Criminal Actions and Emergencies

Community members, students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents to the School's administration in a timely manner. An incident report will be completed, documenting all criminal actions and/or emergencies, describing the event and in some cases, filing a police report.

### Reporting a Crime

If a student or employee is aware that a crime has been, or is being, committed on school property or at a school sponsored or recognized event off-campus during the hours that the school is open, the crime should be reported as soon as possible. To report a crime or an emergency, contact the administration at the following telephone number:

Hunter Business School  
3601 Hempstead Turnpike, Levittown, NY 11756  
516-796-1000  
Erica Pollock, Campus Director  
Hunter Business School  
3247 Route 112, Medford, NY 11763  
631-736-7360  
Chuck Copt, Campus Director

The administration reviews all reported violations of law and works with the local police in the reporting, investigation and prevention of violations of the law which may occur on the campus property.

If the crime has been committed when the school is closed it should be reported to the Campus Director as soon as possible after school is open. In addition to reporting the crime to the Campus Director, the crime should be reported to local law enforcement authorities. The local Police Department may be reached by dialing 911.

School Personnel have authority to determine whether individuals have lawful business at the school and may request identification to make that determination. In addition, they have the authority to ensure that school policies, such as break time and building access, are followed. The School works with local law enforcement agencies and refers criminal incidents to the local police department having jurisdiction over such matters.

The Campus Director will work with local law enforcement, as appropriate, when a crime is reported. Crimes reported to the Campus Director are included in the annual campus crime statistics. In addition, the School requests from the local Police Department crime information not reported to the Campus Director that is appropriate for inclusion in the annual campus crime statistics. Further, if circumstances warrant, the school community will be notified if an on-going threat is posed related to a reported crime.

If you are the victim of a crime and do not want to pursue action through the school or the criminal justice system, you may still consider making a confidential report. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. Reports filed in this manner are included in the annual crime statistics for the school.

The school does not tolerate violence or other threatening conduct against any members of the school community. This includes criminal acts against persons or property, as well as harassment based on sex, race, ethnicity, or disability. The school will impose strict disciplinary actions and appropriately involve law enforcement officials should any acts of violence or threatening conduct occur on school facilities or at school-sponsored events. This includes acts of violence

against women.

The school has a zero-tolerance policy regarding alcohol on campus and will strictly enforce this policy. Anyone violating this policy will be removed from school property and disciplinary action will be taken.

The drug policies included in this manual are reviewed by the school each year and given to each student and employee every year.

In addition to any criminal sanctions, the school will impose appropriate disciplinary sanctions if the offender is a student or employee of the school. The Campus Director's Office should be contacted should one wish to file a complaint. Also, note that, in cases of sexual assault complaints:

- both the accuser and the accused are entitled to the same opportunities to have others present during the disciplinary hearing and
- both the accuser and the accused shall be informed of the outcome of any disciplinary proceeding based on an allegation of sexual assault.

## Limited Voluntary Confidential Reporting

We encourage anyone who is a victim or witness to any crime to promptly report the incident to the police or the School administration. Because police reports are public records under state law, the police may not be able to hold reports of crime in confidence.

Confidential reports for the purposes of inclusion in the annual disclosure of crime statistics can generally be made to school administration (see contact information under "Procedures to Report Criminal Actions and Emergencies" section above.

## Security and Access

During business hours, the School will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours, the campus is considered closed and is only accessible by authorized personnel. Emergencies may necessitate changes or alterations to any posted schedules. Both the Levittown and Medford campuses have closed circuit TV.

## Policies Concerning Law Enforcement

Under the School's policy, security personnel who are not duly appointed law enforcement officers have no power of arrest, will not be armed and are forbidden to use force in any situation except in self-defense. Security and administrative personnel are authorized to request unidentified persons to identify themselves while on campus.

Support from local police may be summoned by the administration by calling police at 911.

All crimes are reported to the Campus Directors, Erica Pollock, Levittown Campus and Chuck Copt, Medford Campus, who, in turn, may call the local police if necessary.

## Informing Students About Campus Security Procedures and Practices

Security procedures and practices are addressed at orientation sessions for new students and employees. Significant changes to policies or procedures related to security will be available for distribution to all students and employees.

## Common Sense in Preventing Crimes

**Be Alert** - Take in your surroundings. Don't be afraid to look around you occasionally to see who's standing near you or walking towards you.

**Be Determined** - If you are on an unfamiliar or lonely street, quicken your pace and act as if you are going to meet someone who is waiting for you.

**Walk Carefully** - Walk where it is well lit. Stay away from darkened buildings, entrances, doorways, alleyways and high shrubbery. Travel with companions whenever possible during the daytime and especially at night. There is greater safety in numbers.

**Planning Ahead** - Know where you are going. Know the general day and evening conditions of the streets you use and know which stores are open late at night. If an emergency situation arises, go to these locations. Have your car keys in hand when you are going to your car. Before getting in your car, check the floor of the back seat for intruders. Keep your doors locked and windows up while driving. Never pick up strangers of either sex. If you suspect you're being followed, drive into a busy, well-lit business establishment and call the police.

**Call the Police** - Notify police immediately of suspicious persons who are loitering, going from door to door, trying doors or sitting in parked or slowly cruising cars. Description of person, color, make of car, time and location are all important to the police. If you're in any doubt about a person, call the police and let them settle the doubt.

**Reporting** - If you become a victim of a crime, report the incident promptly to the campus administration and police.

## Policy on Campus Sexual Assault Programs to Prevent Sex Offenses

The School advises students and employees to follow safe practices to increase their awareness and prevent incidences of sexual assault. In addition, it is suggested they read the section called "Common Sense in Preventing Crimes" directly above to assist in the prevention of a sexual assault.

## Procedures to Follow When a Sex Offense Occurs

In the event you have been sexually assaulted, follow these steps:

- First, get to a place of safety. Telephone the police by dialing 911, or as soon as possible after the assault has occurred, contact campus administration who will notify local police authorities upon the request of the victim. Victims may request anonymity to the extent permitted by law.
- Because physical evidence is of the utmost importance to help establish proof of criminal

assault and/or identify the perpetrator: Do not change your clothing.

- Do not clean your body or clothing. Do not disturb or alter the crime scene.
- You will be advised to go to a rape treatment center for the medical examination and treatment of physical injuries. Emotional counseling is available at rape treatment centers or you may desire to see a private counselor.
- The School will provide written notification to all victims detailing the options for, available assistance in, and how to request changes to their academic schedule. This policy applies equally to students and non-students (e.g. employees.) Such accommodations will be made, and such protective measures will be provided if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to police or local law enforcement.

## Confidentiality

Every effort will be made to protect the privacy of all individuals involved in an investigation of a discrimination or harassment complaint. Information about complaints or inquiries and investigations will be maintained by the School in confidence to the extent possible. However, HBS cannot guarantee complete confidentiality and will notify the Complainant where confidentiality cannot be ensured. HBS will share information about allegations only with those who need to know.

If a Complainant does not wish for his/her name to be shared, does not wish for an investigation to take place, or does not want a formal resolution to be pursued, the Complainant may make a request to the Title IX Coordinator, who will evaluate the request in light of the duty to ensure the safety of the School community and comply with applicable law. In cases where the Complainant requests confidentiality and the circumstances allow the School to honor that request, the School will offer interim supports and remedies to the Complainant and the School community but will not otherwise pursue formal action.

## Hate Crimes

A hate crime is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender's bias. Bias is a performed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation or ethnicity/national origin.

The school reports all hate crime statistics separately for the categories of criminal offenses listed in APPENDIX A and APPENDIX B. Additionally, hate crimes statistics are also reported separately for the following offenses:

- Larceny - Theft: is the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Constructive possession is the condition in which a person does not have physical custody or possession but is in a position to exercise dominion or control over a thing.

- Simple Assault: is an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.
- Intimidation: is to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
- Destructive/Damage/Vandalism of Property is to willfully or maliciously destroy, damage, deface or otherwise injury real or personal property without the consent of the owner or the person having custody or control of it.

## Residential Facilities:

Hunter Business School does not have any school-operated residential facilities for students.

## Procedures for Campus Disciplinary Action When an Offense Occurs

In the case of an on-campus disciplinary action regarding an alleged sexual assault, discrimination, harassment, dating violence, domestic violence, or stalking, the accuser and the accused are entitled to the same opportunities during the campus disciplinary proceedings. Both parties are entitled to have others present during disciplinary proceedings.

Both the accuser and the accused will be informed of the outcome of any proceedings brought in writing. Findings of fact and conclusions determined during these proceedings shall be reached by applying the “preponderance of the evidence” standard.

Disciplinary actions are commenced by contacting the Campus Director. The Institution’s President will determine whether the complaint warrants the invocation of the campus disciplinary process. If so warranted, the Campus Director will prepare a formal statement of the charges and evidence against the accused. The Campus Director shall inform the accused, in writing and orally, of the charges, evidence and the student's rights provided in the disciplinary process. This commences the campus disciplinary procedure, which is designed to be fair, impartial, and prompt.

Should a student be found to have committed an offense on campus property or as any part of any school function, disciplinary measures up to, & including dismissal from School will ensue.

## Procedures for General Campus Disciplinary Action

The School may disclose to the victim of any crime of violence the results of any disciplinary proceedings conducted against the perpetrator. A crime of violence is defined as: An offense that has the element, the use, attempted use, or threatened use of physical force against the person or property of another; or Any other offense that is a felony and that, by its nature involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense.

## Sex Offender Registry

The Jacob Wetterling Act requires states to obtain information concerning registered sex

offenders' enrollment or employment at institutions of higher education. Further, to the extent the State notifies an educational institution of information concerning registered sex offenders, the Family Educational Rights and Privacy Act (FERPA) does not prevent educational institutions from disclosing such information. The following websites may be used to identify those persons registered as sex offenders in your state:

Those seeking to obtain information about registered sex offenders should visit the following websites:

National Registry: [www.nsopr.gov](http://www.nsopr.gov).

New York: <https://www.criminaljustice.ny.gov/nsor/>

## Substance Abuse Program: Statement of Policy

This institution addresses the problem of drug and alcohol abuse by introducing a substance abuse policy to ensure that the School will have a drug free workplace and learning environment.

Drug and alcohol addiction is a complex, yet treatable disease. Even the incidental use of highly toxic and potentially addictive substances may trigger detrimental bio-medical changes within the body and/or inconsistent behavioral patterns which could endanger both the user and surrounding persons. The sharing of paraphernalia (needles, syringes, pipes, etc.) used for the intake of these substances may, if blood to blood contact results, promote the transmission of causative agents related to Hepatitis B and Acquired Immune Deficiency Syndrome (AIDS).

While the School understands students and employees under a physician's care may be required to use prescription drugs as a form of therapy, abuse of prescribed medications will be dealt with in the same manner as the abuse of illegal substances.

The ultimate goal of this policy is to balance our respect for individual privacy with our need to keep a safe, productive, drug-free environment. We strongly encourage those to seek help in overcoming their problem. In this way, fully rehabilitated abusers who remain drug-free can return to school or employment in good standing.

With these basic objectives in mind, the School has established the following policy with regard to use, possession, or sale of alcohol and drugs.

## Seeking Assistance for Drug and Alcohol Problems

The School maintains that it is the responsibility of the affected individual to seek assistance before drug and alcohol problems require disciplinary action. Once a violation of this policy occurs, subsequently seeking assistance on a voluntary basis will not necessarily lessen the disciplinary action and may, in fact, have no bearing on the determination of appropriate disciplinary action.

An individual's decision to seek prior assistance for drug and/or alcohol problems will not be used as the basis for disciplinary action and will not be used against the student or employee in any disciplinary decisions. On the other hand, seeking assistance for such problems will not be a defense to imposition of disciplinary action where the facts providing a violation of this policy

are obtained outside of discovery that the individual is seeking assistance.

The School will provide the opportunity for appropriate assessment of the affected individual's condition and referral to licensed treatment facility. Such students and employees may be granted leave with a conditional return to school or work depending on successful completion of the agreed treatment regimen which may include periodic and random testing.

## Grounds for Disciplinary Action or Termination

### Illegal Drug Use

Any student or employee bringing onto the School's premises or property, having possession of, being under the influence of, or using, consuming, transferring, selling or attempting to sell or transfer any form of illegal drug as defined here during scheduled class time or while on school business is guilty of misconduct and is subject to discipline up to and including discharge or suspension and for employees, without pay from employment even for the first offense.

### Definitions

**“Legal Drug”:** Includes prescribed drugs and over-the-counter drugs which have been legally obtained and are being used solely for the purpose for which they were prescribed or manufactured.

**“Illegal Drug”:** Any drug - (a) which is not legally obtainable; (b) which may be legally obtainable but has NOT been legally obtained; (c) which is being used in a manner or for a purpose other than as prescribed. The following examples are provided as reference and other substances may be included within the legal parameters of this category:

- Narcotics: Opium, Heroin, Morphine, and Synthetic Substitutes
- Depressants: Chloral Hydrate, Barbiturates, and Methaqualone
- Stimulants: Cocaine, Crack, and Amphetamines
- Hallucinogens: LSD, Mescaline, PCP, Peyote, Psilocybin, and MDMA
- Cannabis: Marijuana and Hashish

### Policy & Work Rules

Illegal drug use and alcohol abuse is prohibited by a student or employee of the School.

The School complies with the Drug Free Workplace Act of 1988. Any student or employee determined to be in violation of this policy is subject to disciplinary action which may include termination and even prosecution as mandated under local, state, or federal statutes.

Possession of unlawful substances may be punishable as a third-degree felony and may carry a maximum sentence of up to five years in a state correctional facility. Further legal information can be obtained by calling the State Attorney's Office. It is a standard of conduct of the School to establish and enforce the programs and rules set forth below:

## General Procedures

A student or employee reporting for school or work visibly impaired and is unable to properly perform required duties will not be allowed to attend their class or work. If possible, the instructor or employee's supervisor should first seek another supervisor's opinion to confirm the individual's status. The supervisor should then consult privately with the student/employee to determine the cause of the observation, including whether substance abuse has occurred. If, in the opinion of the supervisor, impairment is determined, the individual should be sent home or to a medical facility by taxi or other safe transportation alternative, accompanied by the supervisor or another student or employee if necessary.

The impaired person should NOT be allowed to drive themselves.

**Alcohol Abuse:** Any student or employee who is under the influence of alcoholic beverages during scheduled class time or while on school business is guilty of misconduct and is subject to disciplinary action including discharge or suspension without pay from employment, even for the first offense.

A student/employee shall be determined to be under the influence of alcohol if:

1. The individual's normal faculties are impaired due to the consumption of alcohol, or
2. The student/employee has a blood alcohol level of .10 or higher as determined by the appropriate medical or legal authority.

Failure to submit to required medical or physical examinations or tests is misconduct and is grounds for discharge or suspension without pay from employment.

Additionally, the School will monitor the progress made by the students and employees in programs for which they have been referred, including consultation with the Campus Director or an employee supervisor if satisfactory compliance with a recommended course of action is made, a requirement for continued enrollment or employment and the individual has given their consent for such discussion.

Problems requiring extended counseling or in-patient treatment are dealt with through referral to professional treatment facilities.

## Emergency Response: Campus Community

The School has instituted a plan to notify the campus community electronically upon confirmation of a significant emergency or dangerous situation involving an immediate threat to health or safety of students or employees occurring on campus. An immediate threat encompasses an imminent or impending threat, such as an approaching fire, or a fire currently raging in one of the school's buildings. Any employee who perceives an immediate threat toward any other person on the school premises, is authorized to make an emergency call to 911. This will be both by e-mail and through texting.

## Institutional Emergency Preparedness Procedures: What To Do

## **Fire**

- Notify occupants and help those needing assistance in the immediate area.
- Confine the fire by closing doors of all unoccupied rooms as you exit.
- Activate the nearest fire alarm pull station.
- Evacuate the building at the nearest exit and call the emergency number listed below.
- Do not enter the building until authorized to do so by school personnel.

## **Building Evacuation Procedures**

- When the fire alarm is activated, evacuation is mandatory.
- Take personal belongings (ID, keys, purses, wallets, etc) and dress appropriately for the weather.
- Upon exiting, proceed to the assembly area to begin the accountability process.
- Persons with disabilities are to proceed to area of assisted rescue location.

## **Shelter-In-Place**

Purpose: To shelter occupants inside the building in the event of a hazardous/biological material or other emergency incident outside the building.

- When notified, go inside the nearest building.
- Close all windows and doors.

## **Suspicious Package**

- Do not touch or disturb the object or package.
- Evacuate the immediate area.
- Call the emergency phone number 911.
- Notify your immediate supervisor.

## **Suspicious Behavior**

- Do not physically confront the person exhibiting the behavior.
- Do not let anyone into a locked room/building.
- Do not block a person's access to an exit.
- Call the emergency phone number 911 immediately.

## **Bomb Threat**

- Remain Calm.
- Get as much information as possible from the threatening caller.
- Call the emergency phone number 911.
- Follow the instructions from school personnel.
- Do not use cell phone.

## **Active Shooter**

- If possible, exit the building immediately and call the emergency phone number 911.
- If you cannot exit: Clear the hallway immediately and/or remain behind closed doors in a locked or barricaded room, if possible and stay away from all windows. Remain calm and quietly call the emergency phone number 911.
- Evacuate the room only when authorities have arrived and instructed you to do so.

- **DO NOT:** Leave or unlock the door to “see what is happening.”
- **DO NOT:** Attempt to confront or apprehend the shooter, unless as a last resort.
- **DO NOT:** Assume someone else has called police or emergency personnel.
- **View RUN-HIDE-FIGHT**, five-minute training enactment video on surviving an active shooter event to learn what you can do to protect yourself in a life-threatening emergency. Viewer discretion is advised.

### Emergency #'s:

- Fire: 911
- Suspicious Package or Behavior: 911
- Bomb Threat: 911

## Personal Safety

While the School attempts to provide a safe and secure environment, students, faculty, staff and campus visitors are ultimately responsible for their safety. Safety is enhanced when students and employees take precautions such as:

- Report all suspicious activity to the Campus Director’s office immediately
- Never take personal safety for granted.
- Avoid walking alone at night. Travel with a friend or companion.
- Avoid parking or walking in secluded or dimly lit areas.
- Limit your alcohol consumption, and leave social functions that get too loud, too crowded, or that have too many people drinking excessively.
- Carry only small amounts of cash.
- Never leave valuables (wallets, purses, books, computers, etc.) unattended.
- Carry your keys with you at all times and don't lend them to anyone.
- Lock your car doors and close the windows when leaving your car.
- Never leave valuables in your car especially if they are easily noticeable.
- Inventory your personal property and make records of the serial numbers of all items of value.
- Never admit anyone without a valid ID badge on campus/school premises.

As the school becomes aware of relevant programs that address responsible practices and procedures that enhance personal safety, such information may be obtained on-campus with the Director of Compliance.

## Personal Preparedness Plan

The only way to prepare for an emergency is to become aware. In emergency situations, a trained mind becomes alert but an untrained mind panics. Follow the tips below to prepare:

### Before: Smart Things To Do Now

- Check your building evacuation route
- Review and remember **Know What To Do** below

- Share the Hunter Business School website address with family and friends

### **During: Know What To Do**

Knowing how to react during an emergency can save your life. Try to rescue others **ONLY** if you can do it safely. Below are emergency scenarios that include helpful “What You Should Do” information.

### **Fire**

Fires are extremely dangerous and can spread very fast. If you encounter a fire in your building, get out and away from the danger. Follow directions of Hunter Administrators.

#### ***What you should do:***

- Activate the nearest fire alarm pull station
- Notify occupants and help those needing assistance in the immediate area
- Confine the fire by closing doors of all unoccupied rooms as you exit
- Evacuate the building at the nearest exit and call emergency telephone # 911.
- Go to the designated assembly area
- **DO NOT**, under any circumstances, re-enter the building until authorized to do so by school personnel

### **Active Shooter**

An active shooter is an event in which one or more persons commit harm through the use of firearms.

*View **RUN, HIDE, FIGHT**, a five-minute training enactment video on surviving an active shooter event to learn what you can do to protect yourself in a life-threatening emergency.*

*Viewer discretion is advised.*

[www.youtube.com/watch?v=kTi33RJ1ub8](http://www.youtube.com/watch?v=kTi33RJ1ub8)

#### ***What you should do:***

- If possible, exit the building immediately and call 911
- If you cannot exit:
  - ✓ Clear the hallway immediately
  - ✓ Remain behind closed doors in a locked or barricaded room
  - ✓ Stay away from all windows
  - ✓ Do not huddle in groups
  - ✓ Remain calm and quietly call 911
- **DO NOT** Leave or unlock the door to see what is happening
- **DO NOT** attempt to confront or apprehend the shooter, except as a last resort
- **DO NOT** assume someone else has called the police. **YOU** make the call
- **DO NOT** leave the room until emergency personnel have arrived and given an "all clear" announcement

### **Evacuation**

An evacuation is implemented under conditions when it is no longer safe for students, faculty and staff to remain in a building or a specific area within a building. This requires occupants to move out and away from a building to a designated assembly area of refuge, or out and away

from a specific area within a building. An evacuation is most used when there is a suspected **fire or hazardous** material spill in a building.

***What you should do:***

- Notify occupants and help those needing assistance in the immediate area
- Activate the nearest fire alarm pull station
- Confine the fire by closing doors as you exit
- Evacuate the building at the nearest exit and call the emergency # 911
- Please review the emergency evacuation routes and map
- DO NOT, under any circumstances, re-enter the building until authorized to do so by school personnel

**Shelter-In-Place**

Shelter-In-Place is a procedure where an entire building population is moved to a single or multiple location(s) within a building. It is most commonly used during weather emergencies or when an extremely hazardous substance is released into the outside atmosphere.

***What you should do:***

- Stay inside the building or if outdoors immediately go into the nearest building
- Close all windows
- Immediately go to the designated shelter-in-place area within the building
- Await further instructions from school personnel
- DO NOT evacuate the building until an "all clear" is given by emergency personnel

**Lock Down**

Lock Down is a procedure used when there is an immediate threat to the building occupants. In the event of a lock down, students, faculty and staff would be instructed to secure themselves in the room they are in and not to leave until the situation has been resolved. This allows emergency responders to secure the students, faculty, and staff in place, address the immediate threat, render first aid if needed, and remove any innocent bystanders from immediate danger to an area of safe refuge.

***What you should do:***

- Stay in your room or office; lock and barricade the door
- Remain quiet
- Do not attempt to leave the building or room
- Wait until school personnel give you an "all clear" announcement

**Bomb Threat**

Bomb threats are taken very seriously. If you receive a call from anyone making such a threat, please act immediately.

***What you should do:***

- Remain calm
- If the threat is received by phone, try to remember as much information about the phone call as possible
- Immediately call 911 – use a campus or other hardwired phone

- **Do Not** use a cell phone, especially if you believe the location of the device is nearby
- Follow the instructions of the communications dispatcher emergency personnel

**Afterwards:**

- Call or send a message to your family and friends immediately and inform them of your location and contact numbers if you were evacuated

**"Ability to pay is not a barrier to treatment".**

**Agencies denoted Non-Profit are required to provide services regardless of ability to pay.**

**All agencies provide a sliding scale.**

**Treatment Service Descriptions:**

**Detoxification (Withdrawal and Stabilization Services):** withdrawal and stabilization services manage the treatment of alcohol and/or substance withdrawal as well as acute disorders associated with alcohol and/or substance use, resulting in a referral for continued care.

\* **Medically Managed Detoxification Service** (hospital setting): Medically managed withdrawal and stabilization services are designed for patients who are acutely ill from alcohol-related and/or substance-related addictions or dependence, including the need for medical management of persons with severe withdrawal or risk of severe withdrawal symptoms.

\* **Medically Supervised Withdrawal Services** (hospital or other OASAS certified inpatient or outpatient settings): Medically supervised withdrawal services provide treatment to individuals with moderate withdrawal symptoms and non-acute physical or psychiatric complications coupled with situational crisis, or who are unable to abstain with an absence of past withdrawal complications. Medically supervised outpatient withdrawal and stabilization services are appropriate for persons with above symptoms and have a stable environment.

\* **Medically Monitored Withdrawal** (free-standing community based or additional service of a certified inpatient or residential provider): Medically monitored withdrawal services (crisis centers) provide monitoring of mild withdrawal symptoms and uncomplicated withdrawal. The crisis centers also provide services for those in situational crises at risk for relapse.

\* **Ancillary Withdrawal Services** (inpatient/outpatient): Ancillary withdrawal services are the medical management of mild or moderate symptoms of withdrawal within an OASAS-certified inpatient/outpatient clinic setting who have a protocol for providing ancillary withdrawal services approved by the OASAS Medical Director.

**Medication Assisted Treatment:** An OASAS-certified outpatient clinic that in addition to the services above is also certified to prescribe and monitor addiction medications including buprenorphine, naltrexone, alcamprosate, disulfiram, and others.

**Outpatient Services:** OASAS- certified Outpatient Services provide group and individual counseling; education about, orientation to, and opportunity for participation in, relevant and available self help groups; alcohol and substance abuse disease awareness and relapse prevention; HIV and other communicable disease, education, risk assessment, supportive counseling and referral; and family treatment. Additional services include social and health care services, skill development in accessing community services, activity therapies, information and education about nutritional requirements, and vocational and educational evaluation. Intensive Outpatient Services are also available.

**Inpatient:** An OASAS-certified treatment with 24- hour medical coverage and oversight provided to individuals with significant acute medical, psychiatric and substance use disorders with significant associated risks. Inpatient rehabilitation services provide intensive management of substance dependence symptoms and medical management/monitoring of medical or psychiatric complications to individuals who cannot be effectively served as outpatients and who are not in need of medical detoxification or acute care.

**Residential Rehabilitation Service:** This is a treatment setting that provides a 24-hour structured program for those with a chronic substance use disorder.

**Outpatient Rehabilitation Services:** OASAS-certified services designed to assist individuals with chronic medical and psychiatric conditions. These programs provide: social and health care services; skill development in accessing community services; activity therapies; information and education about nutritional requirements; and vocational and educational evaluation. Individuals initially receive these procedures three to five days a week for at least four hours per day.

**Opioid Treatment Programs:** OASAS-certified sites where methadone or other approved medications such as Suboxone® are administered to treat opioid dependency following one or more medical treatment protocols defined by State regulation. OTPs offer rehabilitative assistance including counseling and educational and vocational rehabilitation.
